Accessing Applications using iOS Devices

Important note:

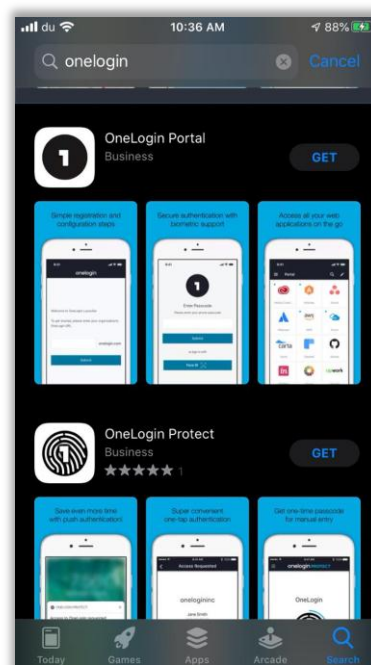

This app requires iOS version 13.6

1- Go to Apple Store on

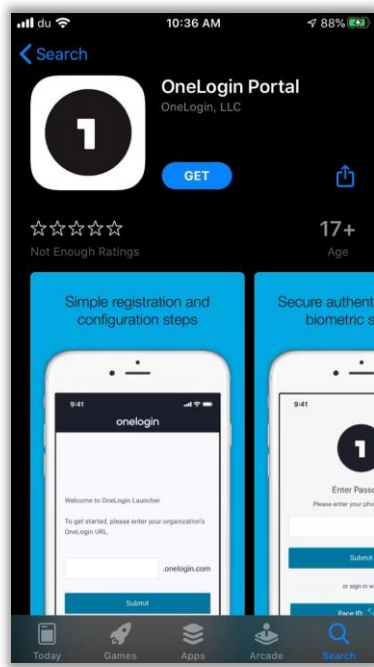

your device

2- Type OneLogin on the search bar and click **OneLogin Portal**

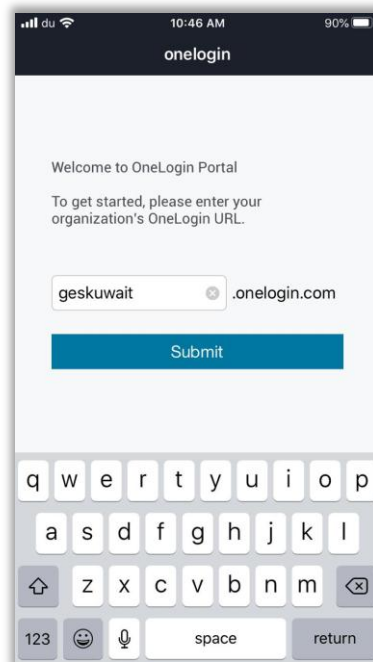

- 3- Download the OneLogin Portal, click Get

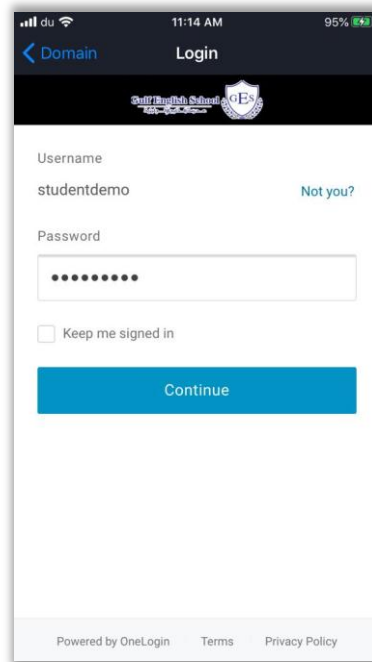

- 4- Once you have downloaded the app, Open OneLogin Portal and Type your school domain and click Submit

Domain Name: **geskuwait**

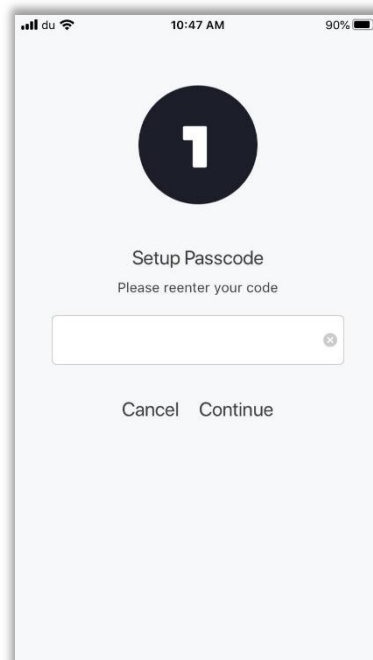

5- Type the skoolee username and skoolee password provided by your school and click 'Continue'

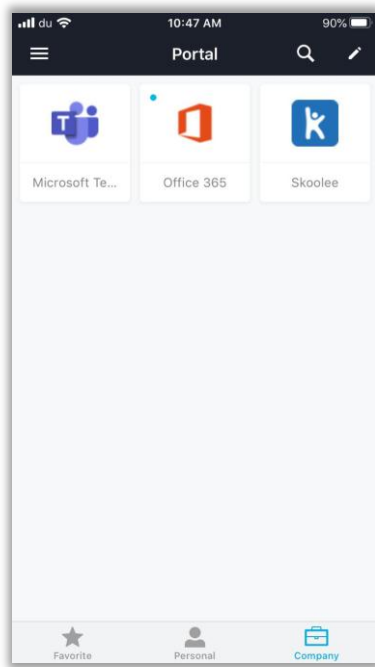

The screenshot shows a mobile app interface for login. At the top, the status bar displays signal strength, carrier 'du', time '11:14 AM', and battery '95%'. Below the status bar is a navigation bar with a back arrow and the word 'Domain' on the left, and 'Login' on the right. Underneath is a header with a school logo and the text 'St. John's School'. The main form has two sections: 'Username' with the text 'studentdemo' and a link 'Not you?' to the right; and 'Password' with a masked input field containing ten dots. Below the password field is a checkbox labeled 'Keep me signed in'. A large blue button labeled 'Continue' is positioned below the checkbox. At the bottom of the screen, a footer contains the text 'Powered by OneLogin', 'Terms', and 'Privacy Policy'.

6- Setup a one-time passcode of your OneLogin app, **it must be a minimum of 6 characters**

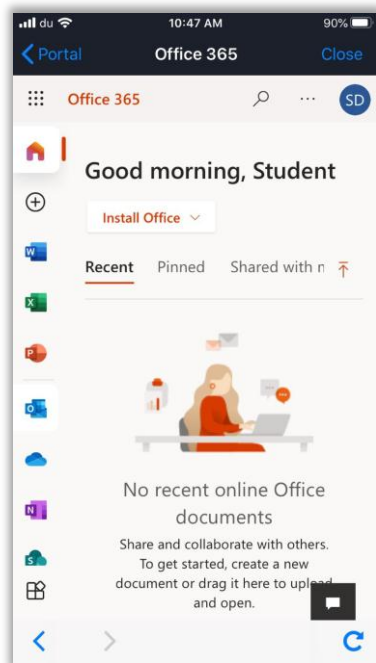

The screenshot shows a mobile app interface for setting up a passcode. At the top, the status bar displays signal strength, carrier 'du', time '10:47 AM', and battery '90%'. Below the status bar is a large dark circle with the number '1' inside. Underneath the circle is the title 'Setup Passcode' and the instruction 'Please reenter your code'. A text input field is provided for the code, with a small 'x' icon to its right. At the bottom of the screen, there are two buttons: 'Cancel' and 'Continue'.

7- You will be directed to the main page where you can access all your school applications

8- Click on Office 365 to access your Email, OneDrive, SharePoint, and other educational app
