

SCIENCE

GES Science Week 2021 Year 3

Activity	Details	If you want to do it yourself at home, you will need:
Rainforest Bug Designers	We will be inspired by the characteristics of bugs and their unique attributes.	Coloured modelling clay / playdough or modelling materials.
Flower Structures	Have you ever thought about what is inside a flower? During this investigation, you will dissect a flower and find out.	A stemmed flower e.g lily or rose, glue, black paper
Bulging Balloons	We will be thinking about chemical reactions by mixing powder and water. Watch what happens next!	Balloon, bicarbonate soda, bottle
Dancing Raisins	Have you ever seen raisins wriggle as if they were doing a dance? You will now!	Raisins, clear fizzy drink
Famous Scientist: Sir Joseph Banks	We will learn more about an inspirational scientist who taught us a lot about plants.
